

The overall trench excavation volume will be almost two times the volume of the Cheops Pyramid in Egypt

TAP will connect to:

TANAP (Trans Anatolian Pipeline), SRG (Snam Rete Gas) in Italy

The plan is to connect with the interconnector Greece-Bulgaria (IBG) & Ionian Adriatic Pipeline (IAP).

3 Main Marshaling Yards (MMY)

- Durrës, Albania
90.000 m² (equivalent to 10 football pitches)
- Thessaloniki, Greece
90.000 m² (equivalent to 10 football pitches)
- Kavala, Greece
80.000 m² (equivalent to 9 football pitches)

The weight of steel pipes is approximately 526.000 tonnes (equivalent to 72 Eiffel Towers)

- 126.000 tonnes in Albania, 215 km (equivalent to 17 Eiffel Towers)
- 323.000 tonnes in Greece, 550 km (equivalent to 44 Eiffel Towers)
- 72.000 tonnes offshore (equivalent to 10 Eiffel Towers)
- 5.000 tonnes in Italy (equivalent to almost 1 Eiffel Tower)
